Gallagher Quality
All Gallagher products have to overcome the challenges of everyday life before they even leave the factory.
Being a producer may be the ‘good life’ but it’s certainly not easy...

Bill Gallagher Sr. understood the challenges of being a producer and wanted to make it simpler. Inventing NZ’s first electric fence in the 30’s, did just that. 75 years on, we’re in it for the long haul - still working alongside producers to make their job easier.
Weigh Only System

An easy to use, yet powerful system that accurately measures animal weight so that producers can track performance.

Why Weigh?

- Select animals by weight for sale and slaughter
- Meet processing key weights for premium prices
- Evaluate breeding performance for genetic selection
- Measure and record weaning weights
- Manage animal weights prior to mating for better reproduction rates
- Measure feed conversion to maximize yield by monitoring weight gain over time
- Monitor animal health
Weighing & Data Collection

The best option for producers looking to manage their business more profitably. An advanced system that works together to fully automate animal management and handling tasks saving time and money.

Why Weigh with EID?

Yard Management
- Reduced time & effort - equipment reads fast and efficiently, automatically matching weight to animal ID number
- Improved accuracy - remove human error and prevent incomplete or inaccurate records
- Improved access to animal information - see full weight history for actual animal in the handler
- Immediate display of weight gain performance
- Automatic drafting by weight or EID

Stock Value Improvement
- Identify the poor performers - treat, allocate to different feeding group or quit early
- Accurate drenching levels - maximize treatment efficiency and minimize treatment costs
- Meet the market required weight range - accurate selection of animals based on weight to maximize profit
# Gallagher Weighing & EID Systems

## Features

### OPERATION & DATA COLLECTION

- Manual and automatic weight locking options • • • • • •
- Internal rechargeable battery • • • • •
- Compatible with Gallagher Loadbars and Heavy Duty Loadbars • • • • •
- Assign visual tag against weight and EID number • • • •
- Calculates average daily weight gain and carcass weight • • • •
- Max number of weigh records 1,000,000+ 1,000,000+ 1,000,000+ 1,000,000+
- Number of traits recorded per session 20 9 3
- Individual animal notes and weight recorded • • • •
- Multiple custom trait definitions (i.e. condition score, genetics etc.) • • •
- Weight based calculations (eg dose weight) • • • •
- Advanced customized calculations based on recorded animal data • •
- Review full animal history in the yard • • • •
- Manage treatments and associated withholding periods • • •
- View animal pedigree information in graphical family tree • •

### DRAFTING

- Maximum number of draft groups 9 9 9 9
- Liveweight drafting • • • •
- Drafting by weight gain • • • •
- Drafting by electronic ID number • • • •
- On screen drafting statistics recorded • • • •
- Automatic drafter interface • • • •

### CONNECTIVITY

- Automatic load bar recognition & calibration • • • • • • •
- Bluetooth connection to EID readers • • • •
- WiFi connectivity • • • •

### SOFTWARE

- Compatible with Gallagher Smartphone Apps • • • •
- Animal Performance Software (APS) Standard for basic data analysis • • • •
- Animal Performance Software (APS) Professional for advanced stock analysis • •
An animal weighing and data collection system for improved livestock management and performance. The TSi 2 provides immediate access to detailed animal information, anywhere, at any time – in the sale barn, the office or on the ranch.

**TSi 2 G01901**

**FASTER PROCESSOR**
**MORE MEMORY**
**IMPROVED SCREEN**

- Intuitive software - Supplied with award-winning Animal Performance Software (APS Professional), for analysis and reporting to provide virtually any information you need.
- Rugged exterior - Tough ranch/farm ready design for all-weather use.
- Rapid, accurate, automatic weight capture.
- Customizable sessions - Easily customize weighing and data recording sessions to collect specific traits, activities, notes etc.
- Simple recording and retrieval Collection of comprehensive data and retrieval of information at the touch of a button, while in the yard.
- Exceptional connectivity - Bluetooth wireless connection and full integration with loadbars, EID readers, auto drafters and other management software.
- Touch screen - Full color outdoor readable touch screen with large touch buttons.
- Comprehensive drafting - Draft by weight, EID number or custom defined rules.
- Significant memory capacity - Entire life history of all animals stored for on-site viewing - over one million animal records can be stored.
- Easily transfer data - WIFI enabled to allow upload of data directly to web and share with third parties.

**ANIMAL PERFORMANCE SOFTWARE (APS PROFESSIONAL INCLUDED)**

Analyze data and upload in three easy steps.

Comes with carry case, memory stick and mounting bracket. Dimensions: 14" (w) x 11" (d) x 3.5" (h) 29 lbs
TW-3 Weigh Scale Indicator & Data Collector  

Simple to operate, touch screen weigh scale. Collect data to optimize animal performance.

All the features of the TW-1 plus:

- Full QWERTY keyboard
- Record weight, life data and traits. Ideally suited to producers wanting to record and review more information than simply the weight of their animals. Can record up to three traits per session
- Record treatments on the spot. Animals can be weighed and administered the correct dose rate and the information recorded on the weigh scale at the time of treatment
- You can draft by weight or recorded trait and/or life data. Recorded data draft examples: bred, preg or open, lot or pen, property, breed, sex or color

Market leading touch screen technology - Full color, outdoor readable touch screen.

On board help, 24/7 - The entire product manual is loaded into the product. Help is only one click away.

Animal notes and note alerts - Record notes against animals on the spot for later review. Notes alert the operator when the animal’s tag is read.

Record life data and traits - Ideally suited to producers wanting to record and review more information than simply the weight of their animals. Can record up to 3 traits per session.

Flexible mounting options - Easy to use sitting flat, or mounted to a vertical surface. The adjustable mounting bracket allows you to easily tailor the viewing angle for optimum visibility.

Ultimate user experience - Execution of common tasks have been rigorously tested to ensure that we are able to deliver the most customer friendly experience on the market.

Animal data analysis on device - Shows individual weight gain graphs, as well as weight distribution plots for all animals within a weighing session.

TW-5 Weigh Scale & EID Reader  

Simple to operate, touch screen weigh scale. Advanced data collection to optimize animal performance.

All the features of the TW-1 & TW-3 plus:

- Built in EID Reader connects to panel antennas (panel antennas not included)
- Can record up to 9 traits per session
TW-1 Weigh Scale Indicator

Simple to operate, touch screen weigh scale. Collect data to optimize animal performance.

- Bright, high clarity, daylight readable color touch screen
- Simple to use interface
- On screen product manual
- Flexible mounting options
- Multiple connectivity options
- Set animal notes and alerts
- Draft by weight, weight gain or EID list
- Built in graphs and data analysis at your fingertips
- 1 year warranty

On board help, 24/7 - The entire product manual is loaded into the product. No matter where you are, or what you are trying to do help is only one click away.

Animal notes and note alerts - Record notes against animals on the spot for later review. Notes alert the operator when the animal’s tag is read.

Tough, rugged exterior - Toughened, scratch proof glass screen makes it suitable for all environments.

Ultimate user experience - Design of the scale and execution of common tasks have been rigorously tested to ensure the scale is easy to navigate and that we are able to deliver the best customer experience on the market.

Market leading touch screen technology - Full color, outdoor readable touch screen. Large 7” screen, shows weight and gain information in an easy to read font.

Animal data analysis on device - Shows individual weight gain graphs, as well as weight distribution plots for all animals within a weighing session.

Flexible connectivity options - Whether connecting to drafters or readers via a serial cable, to a PC via USB or utilizing the Bluetooth and WiFi wireless options, the TW-1 has every option available.

The TW-1, TW-3 & TWR-5 come in a heavy duty bag, conveniently packaged and ready to go - Just connect to your Gallagher loadbars and you have everything you need to start weighing:

- Tough and convenient Gallagher carry case
- Mounting bracket
- Micro-fiber screen cloth
- Battery charging cable
- 110v charging cable
- USB drive loaded with APS software
- USB cable for data transfer to PC
10 Weighing & Data Recorders

TW-3 & TW-1 features

Simplifying the Weigh Scale experience

The new Gallagher Touch Weigh Scale range makes weighing and data management easier than ever before. Manage your animal weights and data all on an easy to use, fully intuitive touch screen.

SIMPLE TO USE, EASY TO READ

- Simple to operate, touch screen weigh scale.
- Bright, high clarity, daylight readable color touch screen.

ON BOARD HELP, 24/7

- No matter where you are, or what you are trying to do, help is only one click away with entire product manual loaded into the product.

SIMPLE CONNECTIVITY OPTIONS

- Simple and reliable load bar connections.
- The TW-1 has every option available. Connect to drafters or readers via a serial cable, or utilize the Bluetooth and WiFi wireless options. Upload to APS through the Gallagher Dashboard App or using supplied USB cable connection straight to your PC.

Animal data at your fingertips

The new Gallagher Touch Weigh Scale range makes weighing and data management easier than ever before. View, manage and analyze your animal data. All on an easy to use, fully intuitive touch screen.

DRAFT BY WEIGHT, WEIGHT GAIN OR EID LIST (AND RECORDED DATA ON THE TW-3)

- Draft animals based on weight or weight gain. Allows producers to draft out lower performing animals for treatment.
- Link screen color to the sort group to quickly identify specific groups of animals.
- Draft group name will show on screen for easy reference.

VIEW ANIMAL WEIGHT GAIN CHARTS

- Analyze individual weight gain graphs for an animal, to ensure they are tracking as expected.
- View the weight gain history of an animal from every weight recorded against the EID number.

VIEW WEIGHT DISTRIBUTION OF A SESSION

- View the weight distribution of all animals within a weighing session. Easily identify whether the animals are tracking as expected, or if action is required to remedy any spread or outliers within the herd.
- Weight information can also be analyzed by draft group.
Record more animal data, easier than ever before

The additional capability of life data and trait recording, makes the TW-3 ideally suited to those customers who are wanting to record and review more information about their animals than simply weight.

**RECORD LIFE DATA AND TRAITS**
- The flexibility of the interface allows the user to select what information they are showing on the screen for any specific session, and have this easily change depending on the kind of session they are performing (eg induction, progress weighing, grading, and culling).

**RECORD TREATMENTS ON THE SPOT**
- Animals can be weighed and administered the correct dose rate, all recorded on the weigh scale at the time of treatment and connected to the animals EID.

**EASE OF DATA ENTRY WITH FULL KEYBOARD**
- Simple and fast data entry with easy to use QWERTY keyboard layout.

The TW-3 Weigh Scale and Data Collector and TW-1 Weigh Scale record each animal’s weight against its scanned ear tag, allowing data to be later reviewed for analysis.

View the weight distribution of all animals within a weighing session. Easily identify whether the animals are tracking as expected.
12 Entry Level Weighing

W210

Easy collection of weights for livestock & general purpose weighing
- Tough, shock and waterproof case
- Large labelled push buttons
- Large rotary dial
- Three weighing modes for quick and easy weighing: auto, manual and fine
- Compatible with most loadbars
- Internal rechargeable battery
- Large, easy to read display
- Simple operation

W210 Package

Entry level weighing system for producers. Get it all in one package deal!

Includes: W210 Indicator, Alleyway Loadbars, and Platform.

See page 44 for Alleyway Loadbar and Platform details.

Weigh scales offer a quick return on investment, that is usually seen within the first year of installation.
Weigh Scale Indicator W110

Easy collection of weights for livestock & general purpose weighing

Includes Weigh Scale Indicator, Mounting Bracket & Loadbars

- Tough construction for all weather outdoor use
- Battery powered convenience (4 x AA batteries sold separately)
- Plug and play system enables easy portability
- 0-1,500 kg/3,300 lb weighing capacity
- 2 Year warranty

Use Gallagher scales and electronic identification readers to maintain records and prepare your livestock for shows & competitions.
With nearly 80 years of experience in animal management and a reputation for quality, ground breaking innovations, Gallagher also leads the way in weighing and EID solutions - offering a full range of animal weighing, data collection, data management and EID systems.

### WHAT TO LOOK FOR

#### Weigh Scales
- Automatic and accurate weighing – even when weighing fast moving, lively animals
- Strong customer service support network
- Easy to use weigh scale with touch screen navigation
- Compatibility with EID tag readers, drafters and other devices
- Pre-loaded, easy to use computer software to analyze collected data
- How well the unit is designed and protected to withstand use and transport
- Ability to expand or extend the weighing system as needs change or grow

#### Loadbars
- Long life features like galvanized steel
- A protected cable design to minimize damage with use
- Overall design features like non-movable parts that make them easy to maintain in the long run

#### Platforms
- Ability to withstand heavy usage such as using quality alloy materials for strength
- Long life features such as corrosion resistant material and welded construction
- Producer friendly benefits such as ease of portability

### SCALE ACCESSORIES

<table>
<thead>
<tr>
<th>20’ Loadbar Extension Cables</th>
<th>15’ Double Antenna Cables</th>

Available in Canada only.

Robust fully waterproof connectors. Includes cap to protect pins when not in use.

Stainless steel spring wire sheath protects cable from impact damage.

Super tough polyurethane cable sheath.
Alleyway Loadbars G06000

- 4,400 lb weighing capacity in 23” length
- Rugged galvanized steel
- Bottom feet-mounting holes extend beyond top covers for ease of bolting down
- Slotted top-mounting holes fit most sizes of platforms
- 19.6’ long, tough polyurethane loadbar cables with spring wire protection
- Fitted with high quality, moisture proof connectors
- Fully water resistant
- No rubber mounts
- 2 Year warranty

Heavy Duty Loadbars G06300

- 7,700 lbs weighing capacity in 39” length
- High capacity load cells are able to withstand large shock loads
- Heavy galvanized steel chassis construction to withstand the harshest environments
- Bottom feet-mounting holes extend beyond top covers for ease of bolting down
- 19.6’, tough polyurethane loadbar cables with spring wire protection
- Fitted with high quality, moisture proof connectors
- Fully water resistant
- No rubber mounts
- Designed for a manual squeeze chute
- 2 Year warranty

Super Heavy Duty Loadbars G06400

- All of the features of the Heavy Duty Loadbars but have 9,900 lbs weighing capacity in 39.3” length. These loadbars are made from galvanized steel and are powder coated
- Designed for manual chute or hydraulic chute
- 2 Year warranty

Heavy Duty Weigh Feet Kit G05420

- Four tough, stainless steel weigh feet for easy mounting under cattle chute and custom platforms
- 11,000 lbs weighing capacity
- Fast and easy loadcell replacement without major lifting
- High accuracy corner to corner performance for demanding weighing requirements
- Extra loadcell supplied in kit for easy replacement and no down-time
- Designed for manual chute or hydraulic chute
- Not compatible with W210 and W110

Aluminium Platform G05900

- A high-strength platform designed to fit Gallagher 4,400 lbs. alleyway loadbars and most other branded loadbars
- Combine strength and portability to reduce the time and hassle involved in setting up weighing sessions
- Dimensions: 86.5” long, 24.5” wide; Platform weighs 49 lbs.
An EID tag reader is a critical part of an EID system. The reader captures the unique tag number of individual animals as they are weighed, treated or identified in a yard or chute.

Gallagher **portable** hand held EID tag readers are lightweight, hardwearing and easy to use - perfect for on the go use at different sites – animal data can be read, recorded and collected anywhere on the ranch or farm.

Gallagher **permanent** EID tag readers comprise an antenna panel and moveable electronic controller. The readers are fixed in place, usually on a weighing chute or at a location in an alleyway, for hands free, automated reading of EID tags.
**WHAT TO LOOK FOR**

**PORTABLE**

**Portable Hand Held EID Tag Readers**

- Full animal management recording capability including weights and other animal data
- Animal data analysis software included
- Read accuracy with positive confirmation of tag read eg. a beeper sounds, LED flashes at end of snout and handle vibrates
- Super safe with hand guard to reduce risk of trapping hand or arm coupled with long reach to keep body away from lively animals
- Ergonomic design with natural soft grip handle and optimal screen position to allow comfortable, long term use.

**PERMANENT**

**Permanent EID Tag Readers**

- Ability to be used with any livestock – different panel sizes for constrained weighing of sheep or cattle
- High performance tag read, on both HDX and FDX-B tags, in any environment, whether it’s indoors or out
- Simple connectivity with Bluetooth wireless communication to weigh scales and other devices
- Easy installation – simply mount the auto tuning panel using the reinforced mounting slots and plug in the electronic controller
- Ability to be used in multiple locations, with panel mounting options and moveable controller
- Long life, fully sealed waterproof antenna panel to withstand outdoor use in any weather.

**WHAT TO LOOK FOR**

**Portable Hand Held EID Tag Readers**

These high performance readers provide a super-fast read of both HDX and FDX-B tags, and with an ergonomic and hard wearing design they are the perfect tool for portable EID data collection.

**Permanent EID Tag Readers**

These EID tag readers are easy to use and set up and provide high performance reading of both HDX and FDX-B tags in any environment. The two models and panel sizes allow for flexible use with any livestock in both constrained weighing and walk past applications (BR models shown above).
HR5 Hand Held Tag Reader

With its large color screen and alpha numeric keypad, the HR5 Hand Held EID Tag Reader is the most powerful portable data collection and editing platform available providing flexibility right there in the yard.

Producers can record, edit and customize data against EID records immediately without needing to set it up in the office first.

Compatibility - Compatible with Gallagher and other brands of EID capable weighing data collectors.

Fast and continuous reading with one trigger click.

Large easy to read screen - 2.8" backlit color display with hi-resolution large graphics - easy to read indoors and out.

LED, vibration and beeper to show tag read successful.

ISO half and full duplex compliant.

Pair with other devices - Easily search and connect via Bluetooth to other devices.

Market leading ergonomic design with long reach and hand guard for maximum operator safety.

Full texting style keypad for easy on site data entry.

Simple connectivity - Includes PC and charging cables.

Comes with handy robust carry case.

ANIMAL PERFORMANCE SOFTWARE (APS STANDARD INCLUDED)

Analyze data and upload in three easy steps.

FREE ANIMAL DATA TRANSFER APP

Key activities of the HR5:

1. **Easily read visual and EID tag numbers**
   - Large display clearly shows visual ID and EID tag numbers to confirm the correct animal’s information is being collected.

2. **Collect data, not just EID numbers**
   - Choose multiple traits to record against each animal such as breed, sex, condition score and pregnancy status.

3. **Sort on the go**
   - Sort group name is highlighted on screen for easy reference with optional group colors.

4. **View animal history**
   - View past traits, activities and life data recorded against an animal.

---

5. **Record Visual IDs**
   - Visual IDs can be added on the go, and used to identify and record information against an animal e.g. replacing a lost EID tag number.
   - Record data against visual ID if animal EID tag cannot be read.

6. **Link mothers to their offspring**
   - Automatically link mothers with their newborns.
   - Add birthing details and data such as sex, birthing ease and fate.

7. **Versatile data entry**
   - Numeric, text, date and pick-list type traits can be entered e.g. an observation using the free text entry field.
   - Animal notes can be set to appear as an alert when the animal is next scanned.

8. **Add and edit session names**
   - Personalize session names (e.g. Week 13 Lambs, Pen 12 Angus, Hereford Cows).
   - Make it easy to identify sessions once uploaded to APS software.
HR4 Hand Held Tag Reader

Easy recording of pre-defined animal data against EID tag numbers.

Key activities:

- Easily read visual and EID tag numbers
  Large display clearly shows visual ID and EID tag numbers to confirm the correct animal’s information is being collected.

- Collect data, not just EID numbers
  Choose multiple traits to record against each animal such as breed, sex, condition score and pregnancy status.

- Sort on the go
  Sort group name is highlighted on screen for easy reference with optional group colors.

- View animal history
  View past traits, activities and life data recorded against an animal.

HR4 Hand Held Tag Reader

G03302

SMARTPHONE COMPATIBLE

Fast and continuous reading with one trigger click.

ISO half and full duplex compliant.

LED, vibration and beeper to show tag read successful.

Pair with other devices - Easily search and connect via Bluetooth to other devices.

Large easy to read screen - 2.8” backlit color display with hi-resolution large graphics - easy to read indoors and out.

Simple menu keypad to find pre-defined data.

Compatibility - Compatible with Gallagher and other brands of EID capable weighing data collectors.

Simple connectivity - Includes PC and charging cables.

G03203 Bluetooth Adapter - Not included. Sold separately.

Scanning sheep ear tags with an HR5.

Use pre-defined 'lists' with the HR4 to record traits such as breed or sex and sort into color coded draft groups.

The HR5 screen clearly displays the visual ID and count of animals in the session.
Gallagher Permanent EID Tag Readers are ideal for fixed, hands-free EID data collection on any livestock, usually in a weighing chute or at a location in an alleyway.

**BR Series & R Series Electronic Controller**

The BR Series Electronic Controller (pictured) operates on a rechargeable battery. The unit has an easy to read battery charge indicator and the tag counter display screen records the number of animals scanned. This unit can store up to 20,000 tags on its internal memory and it allows you to download stored records to a computer.

- **Quick scan tag counter** - EID tag counter with reset function. (BR Model).
- **Easy to use rotary switch** - With operating modes - Off, On and Save ID to memory. (BR Model).
- **Removable electronics controller** - For security, convenient charging, memory download, and for use at multiple locations with other panels.
- **Easy installation** - Simply mount auto-tuning panel using reinforced mounting slots and plug in electronic controller. (BR Model).
- **Rechargeable battery** - Internal rechargeable battery with charge indicator. (BR model).
- **Read accuracy confirmation** - Beeper sounds to indicate tag read successful.
- **Pair with other devices** - Easily connect via Bluetooth to weigh scale and other devices. Also, includes adaptor to still connect wirelessly to a non-Bluetooth EID compatible weigh scale (e.g. W610).
- **ISO compliant** - Half duplex (HDX) and full duplex (FDX-B) ISO compliant.
- **Long-life, waterproof panel** - For outdoor use in all weather.
- **Software supplied** - Animal Performance Software (APS) for PC for hassle free transfer of animal data. (BR Model).

**Smart Reader Panel Antennas**

- Suitable for walk past identification applications
- HDX and FDX-B ISO compliant panel
- Waterproof antenna panel
- Mounting hardware supplied
- Can be used with either a BR or R Series controller

**Large Panel Antenna**
Dimensions: 23.5” W x 51.5” H

**Small Panel Antenna**
Dimensions: 15.75” W x 23.5” H

**EID Tag Reader Controller R G03113**

This Reader requires an external 12-volt power source or battery supply (not included) and does not offer memory storage for EID tag information. The R model is designed for use with a weigh scale where data is stored in the scale’s memory only.
Extract more profit from your operation with Gallagher Animal Performance Software (APS) and make animal data transfer easy with the free Gallagher Animal Data Transfer App.

**Animal Performance Software (APS) Professional**

APS Professional is a comprehensive stock analysis tool with powerful filtering and customized reporting capability to give you virtually any information you need on individual animals or custom groups of animals.

APS Professional includes all of the features of APS Standard plus the following:

- Create custom reports - e.g. grazing, weaning or pregnancy scan summaries.
- Review animal pedigree information in a family tree and related genetic performance.
- See what stock is located where and in which groups.
- Use advanced filtering capability to refine the information down to your exact need - e.g. Decide which pregnant ewes to leave out the back vs. those to bring in closer for birthing.
Animal Performance Software (APS) Standard

APS Standard’s new icon based menus, shown on the screen below, make it quick and easy to view and use current and historical information on an individual animal level.

- Pre-set reporting enables quick analysis of frequently accessed information i.e. full livestock/herd history, predict the weight of animals at a given date or the date animals will reach a given weight
- Easy information sharing between vets, ranch managers and owners
- Hassle free transfer of animal data
- Can be upgraded to APS Professional for a fee

Gallagher Animal Data Transfer App

Transfer animal data from your Gallagher Hand Held EID Tag Reader or EID compatible weigh scale to your Android/Apple Smart Phone and then onto other programs, without the need to connect your device to a PC.
Introducing the Dashboard: Manage your animals like never before

Gallagher Dashboard holds one version of the truth about your animals, backed-up in the cloud and available on all your devices, anywhere you are.

Whether you’re at home on your PC or tablet, or out on farm with your phone get a quick & simple view of crucial animal data.

Make your Weighing and EID data work your way. Start your FREE trial today.

Dashboard Lite - Your herd in your pocket

Gallagher Dashboard holds one version of the truth about your animals, backed-up in the cloud and available on all your devices, anywhere you are.

Dashboards Free 30 day Trial

Sign up for your 30 day trial at https://offers.gallagher.com/dashboard/

Lift your profits

Track weight gain to sale or breeding. Analyze which animals are doing well and which are holding you back.

Share sessions

Synchronize data from your weighing and EID equipment with your PC and phone then share sessions with staff to ensure the most up to date information is being used.

Information at your fingertips

Look up a weighing session or an individual animal’s history to get a quick view of crucial animal data whenever or wherever you need it.

Real time recording

Record real time observations on your phone to guarantee accurate and timely data for better decision making.
