

On The Wire

December 2017

Seasons greetings,

It's hard to believe another 12 months has passed and we have cycled the farming calendar once more.

2017 has been a busy year for Gallagher Animal Management, not only through our continued innovation which resulted in 18 new products launched, but internally with a change of guard in Taranaki with the retirement of Graeme Sutherland and the appointment Mark Sheridan as our new Territory Manager.

I have also taken the opportunity to introduce Dan Loughnane whom has been appointed as our new National Field Manager.

Innovation is an ongoing focus for Gallagher, we continually invest time with our users finding solutions to everyday problems. These "voice of the customer" insights assist and validate the innovative solutions we are able to deliver to the markets.

The new TW Weigh Scale range which was launched at National Fielddays® claimed the supreme "Purple Pin" award at this year's Designers' Institute of New Zealand "Best Design" awards.

Also bringing home a "Bronze Pin" was our new Insulated Line Post which is widely available through our trusted rural re-sellers and caters to all farming sectors.

I also want to take this opportunity to personally thank our loyal customer base. We appreciate your ongoing support, be sure to share your successful stories with us on Facebook.

Fresh into the New Year we embark on the 3 regional Field Days, be sure to call by for a chat when we are in your neck of the woods!

Southern Field Days – Waimumu | 14-16 February
Northland Field Days – Dargaville | 1-3 March
Central Districts Field Days – Feilding | 15-17 March

Have a Merry Christmas and a safe and prosperous New Year.

Look forward to seeing you in 2018.

Gallagher Claims Top Award for Weigh Scale Design

The latest weigh scale system from Gallagher Animal Management has earned the company plaudits from beyond the farm gate for its high quality design and functionality in the tough farm environment.
